## **PRESS RELEASE OF CENERGY HOLDINGS S.A.**

**Brussels, 6 March 2018**

*The enclosed information constitutes regulated information as defined in the Royal Decree of 14 November 2007 regarding the duties of issuers of financial instruments which have been admitted for trading on a regulated market.*

Cenergy Holdings S.A. (Cenergy Holdings) announces the initiation of anti-dumping duty (AD) investigation of large diameter welded pipe (nominal diameter above 16.4") against Greece and five other countries (Canada, China, India, Korea, Turkey) by the U.S. Department of Commerce based on petitions filed by six U.S. producers. Subsequently as a result of the above petitions, the United States International Trade Commission (USITC) determined affirmatively that there is a reasonable indication of material injury or threat of material injury to the domestic U.S. industry by reason of imports of large diameter welded pipe from the above countries.

Cenergy Holdings' subsidiary, Corinth Pipeworks Pipe Industry S.A., is actively participating in and subject to the AD investigation as the sole producer of large diameter welded pipe in Greece.

Furthermore, it is mentioned that in the ordinary course of things the antidumping investigations are normally lengthy, taking more than eight months to complete.

Finally, Cenergy Holdings considers any assessment of the impact of the above investigation towards its annual consolidated economic results as premature. Cenergy Holdings will keep the investment community informed accordingly.
